

Take 294 north into Wisconsin. Follow 94 into Milwaukee. Past Mitchell Airport get into the left-hand lane onto the 894 bypass, heading towards Madison. After several miles bear right still following the signs towards Madison. After several more miles you will exit 894 on the left onto 90/94, still heading towards Madison. After about an hour you will come to the city of Madison. Stay on 90/94, now following the signs towards the Dells. After passing the 4 exits to the Dells you will go through Lyndon Station and then another 12 miles to the Mauston / Necedah exit (69). Exit at Mauston and at the bottom of the exit ramp, turn left. Go about 1/2 mile and the road ends in a "T". At that point turn right onto Hwy. 58. Travel on 58 about 10 miles. You will know that you're close when you pass Hwy. G (on the right) and Castle Rock Marine (on the left). On the right hand side of the road you will see a sign that says "Road to Buckhorn State Park 1 mile", 37<sup>th</sup> Street is 3/4 of a mile from that point. I use the snowmobile sign on the right as my marker to turn. Turn right onto 37<sup>th</sup> and follow it until you see the sign for Half Moon Bay. Continue to the "T", turn right and follow the signs to O'Dell's Bay and the Dirty Turtle.
